Experience

Hackatone project

GIAIC

2025

<https://furniturewebsiteapi-1lgo.vercel.app>

Developed Avion, a modern furniture brand's website using Next.js and Tailwind CSS. The site showcases handmade, timeless furniture, offering features such as next-day delivery, 100% recycled packaging, and a newsletter for special offers—all wrapped in a clean, responsive design

Hackatone project

GIAIC

2025

<https://hackathon-cyan-one.vercel.app/>

Developed a hackathon project website using Next.js, Tailwind CSS, and TypeScript, focusing on clean UI and a fast, responsive layout. The site highlights innovative design and demonstrates skills in front-end development, API integration, and deployment on Vercel.
